## Comments

### Response #1:

I have always had a prompt response when needing treatment.

### Response #2:

Helpful staff.

### Response #3:

My doctor is Dr Ward and he is absolutely fine; he listens well & seems genuinely really interested. The problem I have with the surgery is that appointments are made with me receiving no advice they were made at all, appointments were then moved without any advice either. An e-mail or phone call is all that is needed. I have no mobile phone, so texts are not an option.

### Response #4:

The GPs with whom I have had appointments/received treatment have been approachable and helpful.

### Response #5:

Great care.

### Response #6:

Excellent staff and doctors
