What a fantastic surgery- during the past few weeks I have needed support on 3 different occasions and each time every single person I have spoken to has been so caring, professional, and helpful. I find the surgery to be the most efficient and wonderful I've ever known! At each appointment the practitioner has been amazing, and I feel listened to and well cared for.

Perfect service.

The doctor we saw was very efficient and without any hesitation arranged a hospital visit. It happened the same day. Two days in hospital cleared up any problems about having a blood clot. Everything done by the surgery cannot be faulted.
